Assessor Comments	A run of Angus PTIC females purposely joined to Angus sires to amalgamate into the heifer operation. Heifers present in store condition, they have been running on native pastures in the hills. Heifers will continue to grow out if given the opportunity into future breeders. A great opportunity to secure young breeders with their lives ahead of them. (5) heifers noted with white underbelly. (3) heifer noted with a blue eye. Buyers please note heifers will be re tested before delivery.
