	Heifers were forward moving and generally good to handle when drafting with a percentage of heifers becoming agitated when confined.
Handled With	Bikes , Dogs
Assessor Comments	An Opportunity to secure a very nice line of Angus / Santa Gertrudis Heifers PTIC to Low Birth Weight Angus bulls. A very even line of heifers in forward condition showing softness and shape with good doing ability. These heifers are bred from large framed Santa Gertrudis cows by Pharo Cattle Co Angus bulls and were purchased from the Blackall district as PTIC Cows. With a tight joining and a very good conception rate these fertile Heifers have all their life in front of them & will make very productive breeders in the future.
