Cattle were a pleasure to handle. The cows became disgruntle throughout the weighing process, but quickly calmed down when returned to mob. Facilities could be a contributing factor to being agitated during weighing process.

Assessor Comments	A top quality line of vendor bred Angus Heifers and Calves with 1st calf at foot. Cattle are only being sold due to unforeseen health circumstances as part of a heard dispersal. Heifers are large to very large frame and in prime condition. Heifers range from 712kg to 540kg to average 600kg, and the calves have all been marked, vaccinated and range from 163kg to 62kg to average 94kg. A fantastic opportunity to step into a young line of quality breeders. Please note: 1 cow and 1 calf showed slight pink eye, both were treated on the 22/02 and again on the 26/02. One cow had white on udder.
