Assessor Comments	Opportunity to purchase two Tingaroo blood cows that have been PTIC to a Scott's Angus bull to commence calving mid August 2022. These cows are only being offered for sale as they are going to calve out of sync with the rest Koonawarra herd. They are very large framed cows. The vendor purchased these cows out of the Scone district 3 years ago as young Cow and Calf units. NB at assessment one cow was noticed with a very slight limp. After further investigation it was noticed it had a small crack on its near side rear toe and I believe this is from a old injury which has all but healed
