Assessor Comments	EU accredited PTIC Rennyalea Angus blood cows. Cows are 8.5 years. These cows are predominantly large framed and sound in structure and udders. They would normally be retained in the herd and are only being sold due to being surplus to requirement. Quality Rennyalea Angus sires have been used exclusively for more than 30 years. Ideal cows to top up numbers or for a small operation. Cows were mouthed at assessment and found 6 to be solid sound mouths & 1 to be missing a front tooth. Vendor is also offering 15 2014/15/16 drop cows in this sale. Buyers please note 1 cow with old scarring on their eye not impacting vision.
