	Frame	Quality Grades	Store Condition
	Large 100%	Excellent 100%	Fwd Store 100%
Temperament	Yards	Crush	Paddock
	Quiet: 8 head Slightly Stirry: 6 head	Quiet: 10 head Slightly Stirry: 4 head	Temperament not assessed in Paddock
	These females were run through the crush 3 times in one morning - for Preg testing, tagging & then weighing/assessing. Despite this they were well behaved, however, understandably a few did some rocking around with a bit of anxiety. All led up well, just smoothly self feeding up the race, not even having to shut the back slide. Broken in and tailed with dogs and horses, instantly mobbing up as soon as pressure was applied.		
Handled With	Bikes , Dogs , Horses , On foot , Vehicles		
Assessor Comments	Outstanding line of the Towong Hill Station females. The first time offering a line of PTIC females from the Towong herd. These are genuine 'keeper' females, classed and selected for feet, temperament & structure. Only offered for sale due to conceiving in the last cycle of joining. They're long, they're deep, have beautiful, proper Angus heads and good, soft, heavy skin - These females are everything you want in your breeders. The core Towong breeding herd is based on 50 years of using the renowned Lawson Angus genetics, with the more recent introduction of Ardrossan Angus genetics. Towong Station is renowned for producing sale topping weaners & this is a rare opportunity to secure some of these exclusive genetics. Please Note - 2 Heifers presented with a white splash on their udder (1 reached her navel), one heifer with a very minor eye blemish. Please see photos & video for full contentment.
