	Heifers had an element of run in both the yards and crush. They run away when pressure is applied from around 4 metres.																									
Handled With	Bikes , On foot , Vehicles																									
Assessor Comments	Hedera Anna Nominees 2nd Draft of Heifers. 53 PTIC to Glenfalloch and Aberdeen Angus Sires. The heifers have been on a basic maintenance ration however easy to handle with plenty of frame and maternal traits to work with. These heifers were bought as weaners in Bairnsdale Weaner Sales, and joined for a PTIC program. With a sound temperament, a handful have white on the bag but nothing forward of the naval. Please note a few heifers have minimal blue eye scarring but not detrimental. Very raw in condition, however still presenting healthy and strong.
