Assessor Comments	Hedera Anna Nominees 3rd draft of heifers. 22 PTIC to Glenfalloch & Aberdeen Angus Sires. These heifers have been on a maintenance ration however have moderate frame and maternal traits to work with. These heifers were bought as weaners in Bairnsdale Weaner Sales, and joined for a PTIC program. An opportunity knocks for moderately made females that have been on a light maintenance ration for the last 8 months. In ideal condition to continue on and clave down. Please note a handful of the heifers have white on the bag but nothing before the naval and a handful also have light scarring in the eye but nothing detrimental. Please note the vendor has 4 other lots in the sale.
