	Slightly Stirry: 5 head	Slightly Stirry: 5 head	
	Easy to handle cattle, that move around yards well		
Handled With	Bikes , Dogs , Horses , Vehicles		
Assessor Comments	Timanda's AI program has been going for many years, with them selecting the best bulls available to use. With cows selected for moderate frame, high growth & IMF. These cows are available for your purchase due to the high fertility of the herd. PTIC to Timanda bred Angus bulls, due late July for 13 weeks. proven breeders that have calved every year they have been joined. Cows range from 2 - 12 years with all cows over 7yrs being mouthed, all except 3 head have fully sound mouths. Ideal females to base your herd around or top up on breeding numbers, with plenty of genetic power.
