Assessor Comments	An outstanding run of Females offered by Kumara (SE) Pty Ltd. Due to requirement of number reduction, this is a genuine dispersal of the top heifers off each property, in fact the entire draft of upcoming breeders. A unique opportunity to secure an EU accredited breeding base with an excellent history of milk, growth, softness , type and proven calving ease. These future mothers are low birth weight and joined to the low birth weight Pathfinder Bulls. Vendor has 3 other lots in this sale. All heifers exhibit the same genetic traits, just running on different blocks. Derived from over a decade of meticulous bull selection from Pathfinder Angus. An emphasis on selecting bulls with performance above both the breed average annually, therefore cattle performing above the rest. Weaners out of the Kumara (SE) herd are highly sought after and come with my highest recommendation
