Assessor Comments	Buyers, here is a nice line of young soft Cross bred cross that are doing a fantastic job on calves and running back with bulls. These cows have great length of body, softness and tremendous type. This line of cows have great Charolais cross calves at foot averaging 174kg. Cows have been running with a Branchview Charolais bull since 1st of November. All cows have been on a strict preg testing program with empty's being sold every year. Cows worked well through yards. This is a genuine sale of young breeding stock only being sold due to lose of lease property. Note vendor has other lines in same sale.
