Assessor Comments

A small but tidy line of PTIC Angus cross cows. These cows are in calf to a top quality Carabar Angus sire as well as a Red Angus Bull. The cows are only being sold due them not fitting the vendors pure Angus program. These cows display all the right mature cow traits to go on to breed fantastic calves for years to come. At time of assessment 2 of these cows still had weaners on them that averaged 380kg at 7-8 months old. Very well bred cows that are sure to impress buyers.
