Assessor Comments	Top quality Angus Charolais X heifers joined to Trio Maestro Q168. These heifers would normally be retained in the breed herd but fell out of the normal joining due to a bull break down. There is 3 black heifers and 2 creamy heifers that are showing the Charolais X from a generation ago. Lovely big roomy heifers that shouldn't have any dramas calving down and would be an asset to anyones herd. Please note there was one old pink eye scaring observed but not considered detrimental to the heifers performance.
