Assessor Comments	Angus and Angus X Heifers PTIC to Speckle Park bull. These heifers have very good growth standing on heavy bone and depth. The bull went in Mid Sept-Mid Feb but all heifers preg tested up with 14 classified as a red tag and 2 heifers a blue tag. These heifers will calve for a spring calf, starting in July. These heifers have all the makings to be nice medium to large frame cows into the future. Note 1 heifer observed with old pink eye scarring not deem detrimental.
