Assessor Comments

The Cows are large framed top quality breeders, they weaned calves a fortnight ago. The Cows temperament is exceptional and were very good to handle. Cows present in great condition after only just weaning calves in the past two weeks which they did a great job on. Top quality cows to take home and calve down to the Poll Hereford bull. Cows are proven breeders and are only being sold to make room for heifers to come into the Quigley Farms cattle program. In this lot there is 10 PTIC red tags and the balance being Blue PTIC at the time of assessment. Vet comments were the blues were not far behind. One cow had lost PTIC tag so was counted as a blue. Top quality cows you can buy with confidence. At assessment cows had a weight range of 610-708kg to avg 643kg.
