Quiet: 24 head	Quiet: 23 head Slightly Stirry: 1 head	Temperament not assessed in Paddock

Very well handled cattle and worked easily and calmly through the yards, only 1 heifer was slightly agitated in the crush but really only slightly. Great as a mob to work with.

Assessor Comments: Terrific opportunity to buy some impeccable bred Angus heifers, all joined over 1 cycle only to calve early August. These heifers are out of a pure Rennylea base cow herd, these heifers will impress. Alot of time and effort has gone into handling these heifers and were a pleasure in both the paddock and the yards to work. They have been joined to specially selected Choice Angus sires, chosen for low birthweights. A copy of their pedigrees is attached to this assessment. These heifers are fully up to date with their health treatments and have been since birth. Very hard to buy heifers of this caliber that have been joined up correctly and over such a tight calving period.
