Overall a quiet line of young heifers

Handled With: Bikes , On foot , Vehicles

Assessor Comments: Medium to large frame Angus heifers PTIC to quality Scotts Angus bulls, 2-4 months. Eye scaring on a few heifers. Odd heifer stirry in yards and crush but very managable. Very good size mob to manage during calving. please note 18 hour curfew as heifers were locked up before Preg testing. 1 heifer thrown back to a Baldy. Please note two lines in this lot, blue management tags and and others with out. Would look good in any paddock, a pleasure to handle.
