Assessor Comments	Buyers, on offer are an outstanding line of 47 quality bred Angus and Angus x Limousin PTIC heifers. This is an excellent opportunity to purchase a future line of breeder females! Heifers are rising 2 year old and showing in great forward condition with potential to grow into big framed cows. Heifers are joined to a low birth weight "Scotts Angus" blood bulls for 12 weeks for an approximately middle of June to a middle of September calving. Jerilderie Veterinarian Des McCrae believed the heifers joined within the September to October period. All heifers were a pleasure to handle in the yards.
