Quiet: 4 head Slightly Stirry: 1 head	Quiet: 3 head Slightly Stirry: 2 head	Temperament not assessed in Paddock

Kind natured young females. 2 showed a bit of anxiety in the crush, listed above as slightly stirry. Much more settled in the yards, just wanting to keep a comfortable distances between them and the handler.

Handled With	Dogs , On foot , Vehicles
Assessor Comments	Low maintenance young females that all calved unassisted. All in good health & have done an excellent job at their first attempt at motherhood. Clean, well balanced bags of milk underneath them with neat teats. Heifers in store condition, ready to march ahead with some fresh Autumn pastures underneath them. 4/5 calves are approaching a weanable age/weight, allowing the successful purchaser a nice early rebate on these sound investment cattle. Note. 1 calf presented with some warts, 1 Heifer presented with a white flank. Please see photos & video for full contentment.
