	1 Heifer was a bit anxious in the yards/crush when in close proximity to the handler. Just needing some more quiet handling. See video.

Assessor Comments	Low maintenance young females that both calved unassisted. In good health & doing an excellent job at their first attempt at motherhood. Very good bags of milk underneath them. In store condition, ready to march ahead with some fresh Autumn pastures underneath them. Have been running back with the same bull since calving. Please see photos & video for full contentment.
