Assessor Comments	An excellent line of registered Angus females. These heifers present in forward condition and would make a welcome addition to any Angus breeding operation. These heifer are surplus to the Jackaroo Angus stud and have had the chance at falling pregnant through an AI program and have come back as not joined. Originally purchased directly off Brown Mountain Angus stud as weaners with Brown Mountain Angus having a high focus on IMF. Heifers are able to be transferred via Angus Australia registrations at purchasers expense if desired. Please note: One heifer has white in front of naval.
