Assessor Comments	Buyers please see a line of genuine breeder quality 53x53 cows and calves with 24 being 3 in 1 units and 16 PTIC Cows. You can buy with confidence knowing that these cows aren't culls and are only being offered due to the loss of a lease paddock the vendor has decided to sell all of his crossbred cows. Of the 53 calves at foot there was 34 heifers and 19 males that averaged 141kgs with the lead being big enough to wean upon delivery. These cows present a great opportunity for restockers looking for genuine breeding females or ideal cows to do a turn over job on and will power ahead on either grass or crop. Please note there is 1 cow with a a dog bite and 1 cow with a hip off. There is a small percentage of cows with some fly bite but it is not determined to be detrimental. Buyers please note these cattle are being sold guaranteed clean with the only stipulation being that if these cows are required to go interstate they will require a dip through a registered dip at the buyers expense.
