	The cows are really good to handle, a little forceful in the crush understandably when being mouthed. Cattle are mustered and moved using bikes, no dogs or horses. They are accustomed to electric fences in a cell grazing situation.

Assessor Comments	An excellent opportunity to buy a sound line of proven cows PTIC to very good quality Booroomooka Angus bulls. Mixed age cows with approx half of them 6 years and younger. EU and GRASSLANDS accredited cows, all cows were mouthed at assessment to be sound mouth. Joined in a very tight joining, vaccinations up to date and have been drenched and deliced. These cows have reared a calf every year. They are sound apart from the normal wear to eyes, feed and udders etc in line with age. 3 or 4 cows noted with a spot on one eye, vision still quite OK.
