Assessor Comments	A small but nice line of one mark cows, presenting in forward store condition these cows have very fresh calves by their side by the Angus & Ultra Black bulls. All these cows weaned a calf in the spring and have safely calved again showing they are very fertile. Large percentage of these are on their second calf with only one cow 2017 drop with the balance , 2018 & 2019 drop. Three cows show traits towards the wagyu with the balance true to type of the ultra black. All calves are very fresh one cow notably not milking as much as the balance
