Assessor Comments	A run of large framed and hard to acquire 21 PTIC Angus cows with calves at foot. All cows have been preg tested back in calf at 2-4.5 months to the Angus bull. These animals are in store condition with large calves averaging 190kg on them with calves still going forward. These cows present as 6-9 year old cows all mouthed up on assessment with sound mouths. On offer is an opportunity for a 3 in 1 deal to help any producer breed or trade their way into an Angus hard. A genuine article, not to be missed.
