	Heifers handled the assessment period well. Having two new handlers in the yards did unsettle heifers in tight yard but as photos were taken these heifers become very relaxed. These heifers would suit any experienced handlers.

Assessor Comments	A terrific opportunity to purchase front paddock heifers that are extremely well bred and in calf to a LBW Rennylea blood bull (AI son of top indexing bull G420) These heifers are 2 marks. 15 are vendor bred and are AI daughters of Temania Emperor. 16 were purchased from the CTLX blue ribbon sale Autumn 2021 from the renowned Funny Hill herd based on Landfall and Cluden newry genetics. The Amosfield heifers are due to start calving 18th August for 6 weeks and will not disappoint. Heifers already have plenty of frame and weight, and the genetics to set them up for a hassle free calving. Buy with confidence. And reap the rewards of the ever growing cattle market. 430 - 570Kg at assessment.
