Assessor Comments	A nice run of mixed age Shorthorn and Angus X Shorthorn Cows & Calves; PTIC back in calf to the Booroomooka Angus Bull for a Sept/Oct calving. These cows are full of milk and doing an outstanding job on their calves which averaged 215kg at assessment. Joined back to the Booroomooka bulls, this article would be a brilliant proposition for a producer looking to rebuild their herd with some proven breeders or as a trade. Buyers please make your allowences, there is 1 cow that was scanned undetectable when Preg Tested, there is no guarantee she is in calf. Also note I saw 1 cow with old pinkeye scaring, not deemed detrimental.
