	Cattle were good to handle with a small percentage becoming agitated in the crush whilst being weighed. Once back in the mob the cattle settled. Steers are in feedlot pens and are getting handled daily which cattle are responding well to.		
Assessor Comments	Buyers on offer are 104 good quality Santa, Droughtmaster Angus x cross steers presenting in store condition. These steers show plenty frame and stand on adequate bone. Steers would be ideal to background on an oats crop or put back into paddock and taking them through to trade/export feeder weight or grown into bullocks with potential MSA gradings. Please note 3 steers with fly rub and 2 steers showing late marking traits. *Buyers please note vendor has another 4 lots in same sale.*
