Temperament

Quiet: 30 head Slightly Stirry: 9 head	Quiet: 30 head Slightly Stirry: 9 head	Temperament not assessed in Paddock

Cattle were good to handle with a small percentage becoming agitated in the crush whilst being weighed. Once back in the mob the cattle settled. A percentage of the heifers required blocking up through gate ways and handled with minimal pressure. Heifers are in feedlot pens and are getting handled daily which cattle are responding well to. Heifers will require settling into new environment before being shown the out gate.

Handled With	Bikes , On foot , Vehicles
Assessor Comments	Buyers on offer are 39 Brahman x heifers that are weaned and ready to go out into the paddock. Heifers would be ideal to take through to heavy feeder weights suiting the export market or to take through and join to a bull of your choice. These heifers are very tidy around the head and would be ideal for someone to add to their breeding operation. *Buyers please note vendor has another 4 lots in same sale.*
