Assessor Comments	A very good line of unweaned Angus steers that will make ideal backgrounders for a domestic / export feeding programme. Steers have been sort after by all feedlots. Bulls are selected for high EBV's, growth, good bone structure & length. These steers have been on good feed with their mothers since birth & are going ahead. Of the 61 steers assessed, 1 steer has an eye patch on off side (Orbenin treated 1 week ago) & 1 steer has small amount of white on underline. Steers will be weaned onto the truck.
