| Assessor Comments | A good quality line of Charolais X steers. Very quiet cattle and easy to handle. The steers were taken off mothers the day before assessment and will be yard weaned on hay racks for 5-6 days. See video to see how quiet they are. Cattle are grass fed eligible. These steers would meet a number of markets from feeders, supermarket spec's or grow onto heavier weights. L.W.T 300 - 266kg to average 281kg. Please note 2 other lots in same sale. |
