Assessor Comments	Yurunga Farms offers another 14 Angus/Fries x weaners sired by AI Angus bull out of very big Friesian cows. These cattle are renowned for their bone and quality. Always well reared and properly weaned onto silage ration and quiet to handle. Drenched and vaccinated. This line includes 7 steers and 7 heifers with option of keeping heifers for future vealer mums. There is a bit of variance in size/weight in this line. Note they have had trouble with pinkeye, calves were patched and treated properly and now about 4 with small blemishes on eye. Same vendor has a lot of friesians in same sale.
