Assessor Comments
23 Friesian steers that are all frame. These are all straight friesian steers that do look heavier than they are. They have been running mostly on old hay to clean up a stack so sure will really bound away on some good feed. They were

purchased direct off breeder as weaned calves and these are the tops of the mob. Only selling to make way for cropping.
Please note there is 4 Ang x steers off same property in sale that would fit on same truck.
