Assessor Comments	An excellent, complete line of vendor bred Angus weaner steers which has had a very small tail removed. Weight range - 253kg - 338kg to Ave 295kg full at assessment. These steers were extremely good to handle in both the yards and crush. A very even run of steers that will perform as feeders or grown out to kill weights. NOTE - 5 steers have a little white under belly. NOTE - 3 steers have an old scar on eye.
