Assessor Comments	21 Angus Steer weaners, 6 - 8 months old sired by "Leawood" Angus bulls. Vendor has been using Leawood bulls for quite a few years now. Steers we're hairy in the coat but in sappy condition still getting a good drink off mum. Calves handled very well through the concrete yards while being weighed and assessed. These calves had a quiet and calm nature about them, and the vendor is getting repeat buyers now for there calves. Steers we're put back with mum the day of assessment. Vendor is willing to yard wean from Auction day onwards up to delivery at buyers request. Please note = One grey calf Ang/Char x can be left out at buyers request, if only wanting black calves. One of the heavier calves in the run though.
