Assessor Comments	A very good line of EU Accredited Angus Heifers 353 kg average, Vendor bred 12-13 months of age weaned on the 15th of November last year. Heifers that are a pleasure to handle, Very quiet and easy to manage. They are Banquet and Dollar Angus blood lines, Heifers that have plenty of weight and growth to join with a bull for a Autumn calving, Heifers that will grow into very good cows in the years to come, Heifers that would normally be retained and are only on the market due to an increase in cattle numbers, All heifers are individually tagged and numbered with farm management tags
