Assessor Comments 22 unweaned Angus steer in excellent forward condition. Weighing 342-436kg at assessment to avg 380kg with a full curfew. These are really neat calves with a huge amount of early growth just show them some feed and and watch them preform. Everything has been done they just need weaning and away they go with 2 doses of 7in1 they are primed to be finished on grass by the end of spring thus year. *Please note one steer has mild pink eye and was treated at assessment

and will be monitored if no good the steer will be removed on delivery.
