Assessor Comments: A good run of very quiet extremely well bred cows. These matrons stand on good bone, they show a heap of volume and carcass in the body. Cows are by Landfall and Injemira Angus bulls & bred for high volume milk & heavy carcass attributes. Sale of cows only due to companies higher intake of Fullblood Wagyu cattle. Cows all in calf to registered Wagyu bulls, pedigrees available on Wagyu Website as all bull id's are listed in bull rego section. Stone Axe are leaders of genetics in the Australian Wagyu scene. Cows present a great opportunity to sell a Wagyu X calf into very lucrative F1 markets. Calves are of very good quality. 1 cow noticed with blue eye blemish.
