Assessor Comments	Front paddock Pure Angus heifers preg tested 100% red taggers 5-7 months in calf to registered Te Mania stud bull P697 with a very low Birth weight of +1.6. Proper quality cattle from a very highly regarded herd with all their productive lives ahead of them. 1 heifer with very small white spot on naval (about 50c piece size) and 1 heifer has a small vaccination lump on neck, neither are seen as detrimental. These young future matrons would suit the most astute Angus breeders.
