Assessor Comments	A offering an opportunity to secure a young line of Angus Heifers with calves at foot. Calves are unmarked. Heifers are in light condition with young calves at foot calves are by LBW Angus sires and are only small at present. There was approximately (5) calves that appeared dryer in coat then others. Few calves showed signs of scours. Heifers & Calves are offered for sale due to the sale of the property were they were located. A 3 week delivery period has been put in place to allow calves to mature. This will be monitored as delivery period closes and may need to be extended if needed. It is not recommended Heifers and calves travel further than 300km. The age of the calves requires management on delivery to ensure Heifers and calves re mother once delivered. Please note (3) cow had developed pinkeye in offside eye. (2) calves have pink eye in near side. Please take into allowance.
