Assessor Comments	Excellent quality line of PTIC Heifers due to commence calving late april. Heifers are well grown carrying good muscle and frame with very good softness as the photos show. Vendor has been breeding Euro x cattle for many years with particular focus on the above attributes which these heifers display. Joined to a Black Simmental bull which has been DNA tested back to TLC monty and has been used on heifers with great success. Offered for genuine sale to due to sale of vendors property. Cattle worthy of close consideration.
