Assessor Comments	Buyers on offer are a line of good quality PTIC Angus heifers. Heifers were joined to Rennylea Angus low birth weight bulls for 10 weeks. This mob of heifers have been preg tested to have joined in the 2nd five weeks of that joining. Heifers present in forward store condition, they are well balanced feminine types and will offer the successful purchaser an option to keep as future breeders. 100% of the total mob were assessed, & at that time 2 heifers had old pink eye scarring, and one heifer has white on udder. Buyers please note vendor also has the early joining heifers and Angus x Angus/Hereford PTIC heifers in the same sale.
