Assessor Comments	Buyers a great opportunity to secure a 3 deck line of USDA, NOP GAP certified, Organic heifers that are all vendor bred Rangelands blood (with the exception of 13 heifers purchased ex Moonie in Organic herd dispersal). The Rangelands cattle are highly sought after in Organic markets and continually hit target grids at slaughter. These heifers would ideally suit to go back into Breeder operation as majority have the Quality and feminine charecteristics to suit most herds Alternativley they would suit conventional Domestic feeder markets, or oats heifers to take on to Lucrative Organic Slaughter weights. Vendor also has 1 X 4 deck lot of Black sisters in the same sale. Please note 2 heifers were observed with old blight scarring in one eye and several showing fly rub marks not considered detrimental.
