Vendor Comments Part of annual turn off of steers. Cattle are very quiet and easy to handle in both the paddock and yards.

	Frame Very Large 50% Large 50%
Temperament	Yards Crush Paddock Quiet: 55 head Slightly Stirry: 15 head Quiet: 50 head Slightly Stirry: 20 head Temperament not assessed in Paddock
Handled With	Cattle are a pleasure to work through yard and flowed through the race well. The odd steer stirred in crush at assessment while being weighed and mouth but settled once back in the mob. Aerial (Helicopters, gyro's and planes) , Bikes , On foot , Vehicles
Assessor Comments	Buyers a 3 deck line of excellent HGP treated crossbred heavy feeder steers that show plenty of bone, depth and frame. These steers are best described as large frame and in forward store condition, that will excel with weight gains in the feedlot or on improved pastures. Vendors steers have a great performance record on feed and have a high feed conversion rate. Steers are age branded as follows 69 x #1 & 1 x #0 which was the 2 tooth with the balance mouthed being milk tooth. This is a line of steers ready to perform on grain or grass with the buyer seeing good compensatory weight gains. Steers treated with a Revalor 400 in April '21'. **Vendor also has 2 x other lots in same sale**
