	Steers worked well through the yards with only a couple slightly stirring up in the crush whilst being tagged that quickly settled when rejoined to the mob. Steers are naturally quite and with further handling at weaning will be a pleasure to handle

Assessor Comments	Buyers a great opportunity to secure a 2 deck line of Black steers of this quality. This is the Angus portion of the Revilo weaner steers. They are out of large framed predominately Raff and Lawson blood Angus cows (some cows still showing slight Bos Indicus traits) by high priced Lawson, Wattletop & Dulverton Angus bulls and show great length/depth & bone and phenomenal weight for age. These steers have a great reputation and are highly sought after when normally sold as Feeders, they will perform on grass or grain and would be ideally suited to put on oats to take through to heavy feeder market or alternatively taken through to grass Jap ox. Vendor would normally take steers through to heavy weights but selling entire run of weaner strs this year to make room for breeders . Vendor has 2 decks of Angus/Santa/CharolaisX brothers in same sale.
