Heifers were easily handled in the yards and were quiet whilst being photographed and videoed. They also moved through the crush with ease, odd heifer did resent being in the crush but settled down quickly when they returned to the mob.

Handled With

Bikes , On foot

Assessor Comments

A small line of weaner heifers that are starting to move forward after a few extremely wet months. Ideal to grow out to domestic feedlot entry weights or retain as future breeders. Heifers were easy to handle in the yards, mustered on motor bikes and on foot. A small amount of Noogoora/Bathurst burr in the tail brushes. Buyers please note there is an additional lot of 15 x 15 young 1st calvers being offered in the Eastern States cattle sale that can be used to fill up a load.
