	Typical of unweaned weaners .These heifers were fine to work in the yards and race but some got nervous in the crush but settled straight down when returned to the mob.

Assessor Comments	This is an excellent drop of weaner heifers in good condition and health. They are sired by Stud Texas Angus bulls with the cow herd mainly Texas blood with the exception of a few Rennylea blood cows purchased as weaners these heifers will meet all the industry requirements or go on the be excellent mothers . 3 with white on the belly noted, 1 blue eye not considered detrimental . Their brothers are also being offered in this sale. These heifers are unweaned and will be loaded straight off mum.
