Assessor Comments	Excellent line of EU Angus, unweaned steers direct from Highrent Angus stud at walcha. These 25 steers represent the lead draft of 69 steers, they are simply outstanding cold country bred steers. These steers are grass fed eligible and antibiotic free, they are back by industry leading performance genetics and will suit numerous EU feeder Angus markets or grass finish through for a heavy kill. These steers are long, deep sided, thick and soft, a real credit to the Bacon family & Highrent Angus stud. Steers will be pulled off their mother on tuesday afternoon and will be ready to truck first thing on Wednesday, please note delivery will only be Wednesday morning.
