Assessor Comments	A great opportunity to purchase a well bred line of Angus heifer weaners 9-10 months of age, bred out of large frame Angus cows by Trio Angus Bulls. These heifers are showing growth for age along with softness and bone. 2 heifers had small blue scar on eye and 4 with small amount of white under belly. This is the annual sale of Angus heifers with none retained and Vendor will also offer 22 Black baldy heifers in the same sale. There has been care and time taken in weaning properly, and with all the hard work done they will continue to bound ahead. Ideal heifers to retain as future breeders.
