Assessor Comments	A small but very good line of vendor bred White Dorper ewes. These ewes range from June/July 2019 drop to June/July 2021 drop. Approximately 30 yellow tag ewes have not had a lamb yet, but all the others have done a good job on their lambs so far. Ideal breeders to increase your numbers and take full toll of a great season. Only being sold as the vendor is getting out of sheep. These ewes come highly recommended. Please note the same vendor has 18 older ewes in the same sale.
